What Can You Do with and for ÖRAV?

The suggestions you provided in the working groups have been a significant source of motivation to further advance ÖRAV's vision. With this motivation, we have compiled recommendations on how you can further support ÖRAV in addition to your current contributions to increase social benefit. Below are our suggestions based on those outputs.

Project-Based Collaborations: You can contact ÖRAV to develop projects that align with your corporate social responsibility goals or to partner in existing projects. These projects will support both ÖRAV's and your organization's social responsibility objectives.

Corporate Communication Network: You can contribute to raising awareness by announcing ÖRAV's activities and social impact through your individual and corporate communication networks. Additionally, you can help expand ÖRAV's stakeholder network by connecting it with other institutions and NGOs.

Social Media and Visibility Support: You can enhance ÖRAV's visibility through your corporate social media channels and other digital platforms.

Volunteer Training and Consulting: The contributions of volunteer trainers and consultants who can provide expertise in areas where ÖRAV needs assistance or in subjects you can offer would be highly valuable.

Providing Materials and Equipment: You can provide in-kind support by donating stationery supplies or products that align with workshops used in ÖRAV's activities, such as the Education Festival and Midterm Workshops.

Educational Content and Technology Support: You can create opportunities for ÖRAV and teachers to benefit from your technological infrastructure or content.

Running for ÖRAV in Marathons: You can run on behalf of ÖRAV by opening a fundraising campaign during running events such as the Istanbul Marathon, either with our organization or individually.

Birthday Campaign: If you would like to support ÖRAV by donating your birthday, please contact us so we can guide you on how to open a donation campaign.

Certificates: You can obtain greeting, celebration, or condolence cards, in addition to special days like birthdays and Teachers' Day, through the ÖRAV website.

ÖRAV iyilik Durağı: By purchasing products from iyilik Durağı for yourself, your loved ones, or employees in your organization, you can create social benefit while enhancing the meaning of your gifts.

We are excited to develop new collaborations and projects to create a stronger impact together and support more teachers. We would always be pleased to receive your suggestions and contributions during this process.
